Dear Mr. Yvars:

On March 20, 2009 I received your letter entitled;

The letter includes a revised Operations Plan for the transfer station. The Division has reviewed the plan and determined it meets the requirements set forth in the Division's Operations Plan Review letter, dated November 8, 2008 (DIN 6155). The Division hereby approves the modification of the City's Operation Plan and requests that the City process and remit the required permit modification fee of five hundred dollars and 00/100 (\$500.00). Once the fee has been received the modified permit to operate will be completed and issued.
